

## Our Realisations

esp landscapers works on a close personal basis with our clients, so as to ascertain the exact project requirements. This will include the following

- \* Establishment of an overall design philosophy for the space.
- \* Discussion on design flow / focal points and overall planting scheme.
- \* Identifying problem areas and proposing solutions.
- \* Professional concept proposals for hard and soft landscaping.
- \* Professional working drawings and planting plans for landscape designs in AutoCAD.

At the installation phase, esp landscapers also offers a complete service. This will include the following

- \* Site preparation works
- \* Earthworks and hard landscaping
- \* Planting as per established specifications
- \* Irrigation coordination and installation
- \* Hand-over and maintenance

### **Gentilly residential Estate, Moka:**

The planting design was undertaken by Land Concept. The landscape installation was completed in 2007 and covered more than four hectares. esp landscapers undertakes the maintenance of Public areas within this Residential Estate.

### **La Source Wellness Spa, Le Shandrani Resort and Spa:**

The landscape design and implementation for this 2.5 hectare Wellness Centre was undertaken by esp landscapers. The design philosophy was created around a tropical theme with a strong Mauritian influences.

The more than 11,000 plants used were all propagated at our nurseries. The complete project was installed in December 2007
